BACCA DEL MERLO® DOLCE

CA' DEL SETTE® LINE

This wine called **Bacca del Merlo®** is a wine made mainly from Garganega grapes, the native grape of eastern Verona.

The wine takes its name from the word "**BACCA**", which indicates the best berry of the Garganega grape bunch, and from the word "**MERLO**" a bird with shiny black plumage, yellow/orange beak and lively singing that lives in our area and is fond of fruit, in this case the berry of this Garganega grape. It is a real gourmand, as it loves to eat the ripest and sweetest berries.

Just as the Blackbird loves to eat the most delicious berries, so we love to select the best bunches in the production of this wine with the aim of reminding the taster of the scents and aromas typical of our land.
