

NoWine®

Wine-Based Flavoured Beverage – Strawberry Flavour

NOWINE® LINE

The name NoWine® is a wordplay: suspended between a “non-wine” and a “new wine”, a bridge that connects the ancient lifeblood of the vine with a contemporary pursuit of responsible pleasure.

NoWine® Strawberry is the ideal choice for those seeking an explosion of fruit and freshness. Perfect from aperitif to sweeter moments, it is intensely aromatic, vibrant, and with only 4.5% vol. It enhances every moment of sharing with a touch of sweetness and lightness. Ideal for parties, colourful toasts, or to elegantly conclude a meal, it appeals to those who enjoy enveloping, lively flavours, offering a pop and light alternative to enjoy the evening with ease and style.

The gentle effervescence enhances the overall sensory experience, making the beverage refreshing, harmonious, and highly drinkable.
