

NoWine®

Wine-Based Flavoured Beverage – Mojito Flavour

NOWINE® LINE

The name NoWine® is a wordplay: suspended between a “non-wine” and a “new wine”, a bridge that connects the ancient lifeblood of the vine with a contemporary pursuit of responsible pleasure.

NoWine® Mojito is the ideal choice for any occasion, from aperitif to after dinner. Fresh, ready to drink, and with only 4.5% vol. Perfect for uncompromised enjoyment. Light, refreshing, and lightly sparkling, it enhances every moment with taste and ease.

TYPE: Lightly sparkling wine-based beverage made from white wine (Garganega), with low alcohol content – Mojito flavour.

CHARACTERISTICS: In appearance, it is clear and bright, with delicate greenish highlights. On the nose and palate, it is intense and expressive, offering notes of peppermint and lime, complemented by subtle floral nuances.

FOOD PAIRINGS: An ideal companion for light aperitifs, easily transformed into fresh and quick cocktails. Its lightness and freshness enhance the sweetness of fresh fruit and pair harmoniously with the refined flavours of sushi, making every occasion a pleasant and easy-drinking tasting experience.

SERVING TEMPERATURE: 4 – 6°C

ALCOHOL CONTENT: 4,5%vol – The low alcohol content contributes to natural drinkability and allows for a more relaxed and mindful consumption compared to traditional wines.

SERVING SUGGESTION: Serve neat or as a cocktail, over ice and garnished with a few fresh mint leaves and a slice of lime. For those who prefer a slightly sweeter touch, add a splash of elderflower syrup.

EAN-Code 13 bt. 0,75 L: 8050148527800 / BOX x 6 BT: 8050148527817
